Intex Provides Laminated Glass with SGP film

In order to successfully participate in the market of all-weather laminated glazing Intex added the production of laminated glass with Dupont Sentry Glas Plus (SGP) film to its product line.

SGP laminated glass has a higher tensile strength for intrusion resistance and a higher rigidity than conventional laminated glass. It has the same bending strength with equivalent thickness glass and can effectively reduce the thickness of laminated glass.

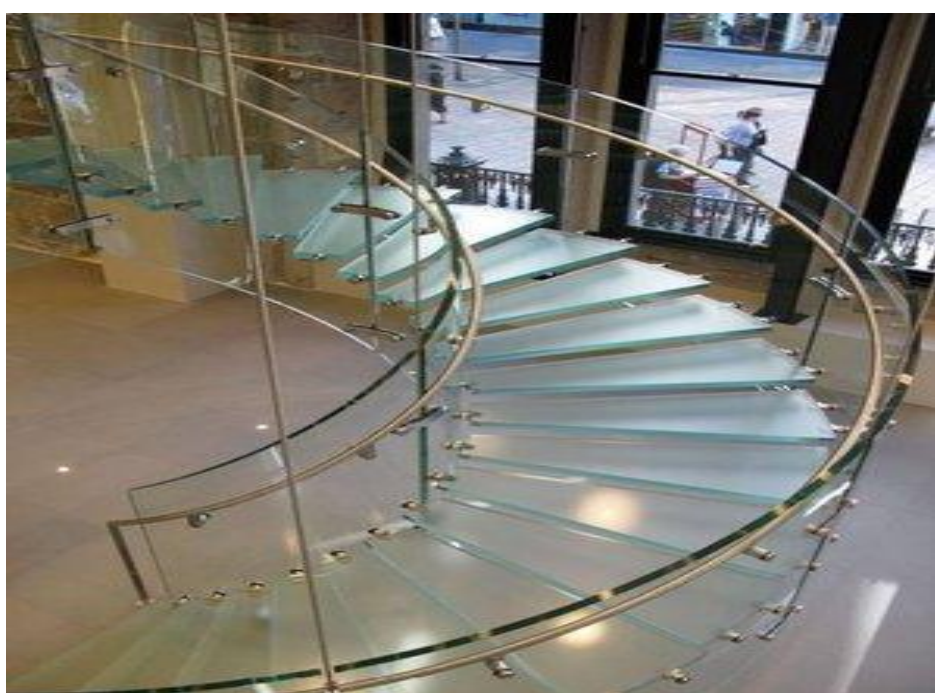

SGP Laminated glass Applications:

▲ Hurricane resistant Glass

▲ Ceiling Glass

▲ Vitreous Stair

▲ Explosion Proof Glass

Intex's SGP laminated glass sizes:

Max Size: 84" x 144" (2134mm x 3660mm)

Min Size: 12" x 12" (304.8mm x 304.8mm)

Intex Export Department

Intex Export Department was established by Helen Chang (the head of the department) and Erik Delie in the year of 1998. With 14 years of operations it has developed into a passionate, highly efficient and dynamic team where customer service is the resounding theme song.

As an almost all-female team with an average age around 30 there is no shortage of opinions! Andy is the only male member in this department. Someone said he would work without pay if he works with these ' beautiful flowers' every day.

Recently a department party was held and some of the team members can be seen in the following pictures.

Who is the real mother of this baby? Wendy or Angel?

▲ **Origin of the friendship!**

▲ **Matchless cuteness!**

▲ Sophie, Vivian and Joy and their cute children! (from left to right)

▲ One big happy family

Editor: This is our department. It is a energetic team, from the picture, you can feel it. Our object is 'Help each other, care for each other; Provide best service to customers, enjoy the happiness of life'. Now the second generation of our team is starting to grow up. They are one of our motivations to create a better future!
