Issue 20 Quarterly Publication— December

20th
issue!

Season's Greetings

We appreciate your 2013 business and wish you a prosperous 2014.

Contents

1. Season's Greetings
2. We get a larger processing plant
3. Fire-resistant Glass
4. Congratulations!
 - Our Insulated Glass is both CE and IGCC certified.
 - We passed Wal-mart's ES audit
5. Our New Grinding Machines
6. Happy Picnic

We get a larger processing plant

In the course of 2014 we will be enlarging our glass processing factory in Chengdu from 450,000 sqft to 650,000 sqft. The scheduled completion date is October 2014.

The expanded production capacity will allow us to produce an additional 150 containers per month.

The two processing factories in Xiamen we will remain at their current production capacity.

Based on the ample production capacity in both Chengdu and Xiamen both domestic and overseas orders can be accommodated more easily.

We are looking forward to a prosperous 2014 with the support of all of our customers.

Congratulations!

Our Insulated Glass is both **CE** and **IGCC** certified.

Our new Grinding Machines

Two double edging machines for seamed and ground edges were acquired. They will be producing furniture, window, and door glass because of the efficient and uniform edgework.

Max size: 1200mm x 1200mm.

Min size: 300mm x 300mm.

Issue 20 Quarterly Publication– December

On a sunny and warm November 16th we held a company picnic on the Egret Island Park. It is located in the middle of Xiamen, next to Yuandang lake.

Happy Picnic

Thanks to Selina and her husband as they brought the badminton set. The children loved it a lot.

The wheelbarrow walk was another happy game with the first place finisher being rewarded with a nice gift. In the end we gave each child a gift as they are all champions in our eyes.

In the 17th newsletter we introduced Laura's little angel, who was born on December, 25th, 2012. She is now able to sit and crawl freely. Whenever we recall Christmas Day, we always remember there is a real angel here.
